

Heritage and Culture

What should the Neighbourhood Plan aim to achieve for the heritage and cultural interests—the Parish is the home of Basing House—how can we protect and enhance this feature and others? What can we do to support and enhance the leisure facilities in the Parish?

- . Would you like to see more outdoor facilities for young people and adults?
- . Do we use the Limepit area to best advantage?
- . Do we use the Nature Reserve to best advantage?
- . Are you happy with the choice of schools?
- . Would you support the creation of a footpath along parts of the Basingstoke Canal?
- . Do we make best use of our heritage assets?

A neighbourhood plan can have policies on Leisure Facilities and Cultural activities. How should these affect the existing and future facilities and activities?
